## SECCE 2022

October 15-17, 2022

Jeju Island, South Korea

2022 International Symposium on Electronics, Communications and Control Engineering (SECCE 2022) will be held in Jeju Island, South Korea (hybrid conference) during Oct 15-17, 2022.

## Conference Objective

Nowadays as the multidisciplinary scientific process strided forward, those various descriptions which employed multidisciplinary methods to promote the discovering of electronics, communications and control engineering showed well the importance of collaborations among different fields and research teams. With the above theme, SECCE 2022 aspires to keep up with advances and changes to a consistently morphing field. Leading researchers and industry experts around the globe will be presenting the latest studies on this conference.

## Publication

Conference presented and registered full paper will be included in digital conference proceeding, and submitted to major citation databases like **Ei Compendex**, **SCOPUS**, Google Scholar etc. for reviewing and indexing.

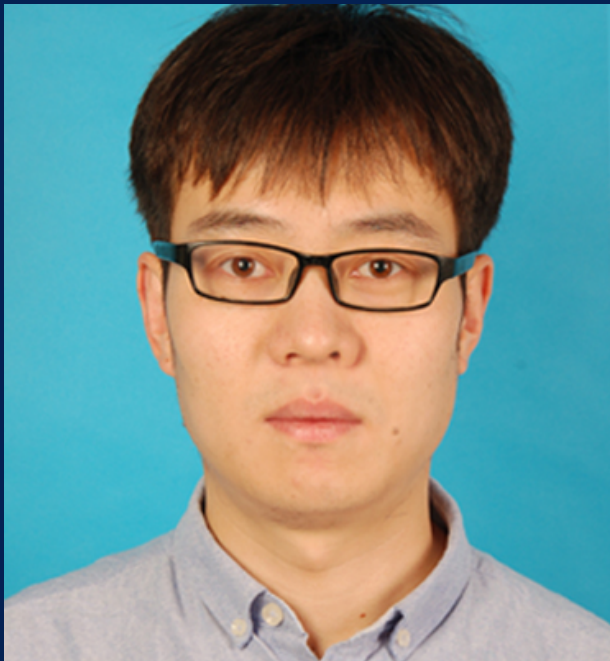

## Submission

### Submission via system:

<https://cmt3.research.microsoft.com/SECCE2022>

### Submission via email:

[secce@iaeeee.org](mailto:secce@iaeeee.org)

## Keynote Speaker

Professor Ning Sun

Nankai University

### Speech title:

Intelligent Control of Robotic Systems  
Actuated by Pneumatic Artificial  
Muscles
