# Upcoming Conference

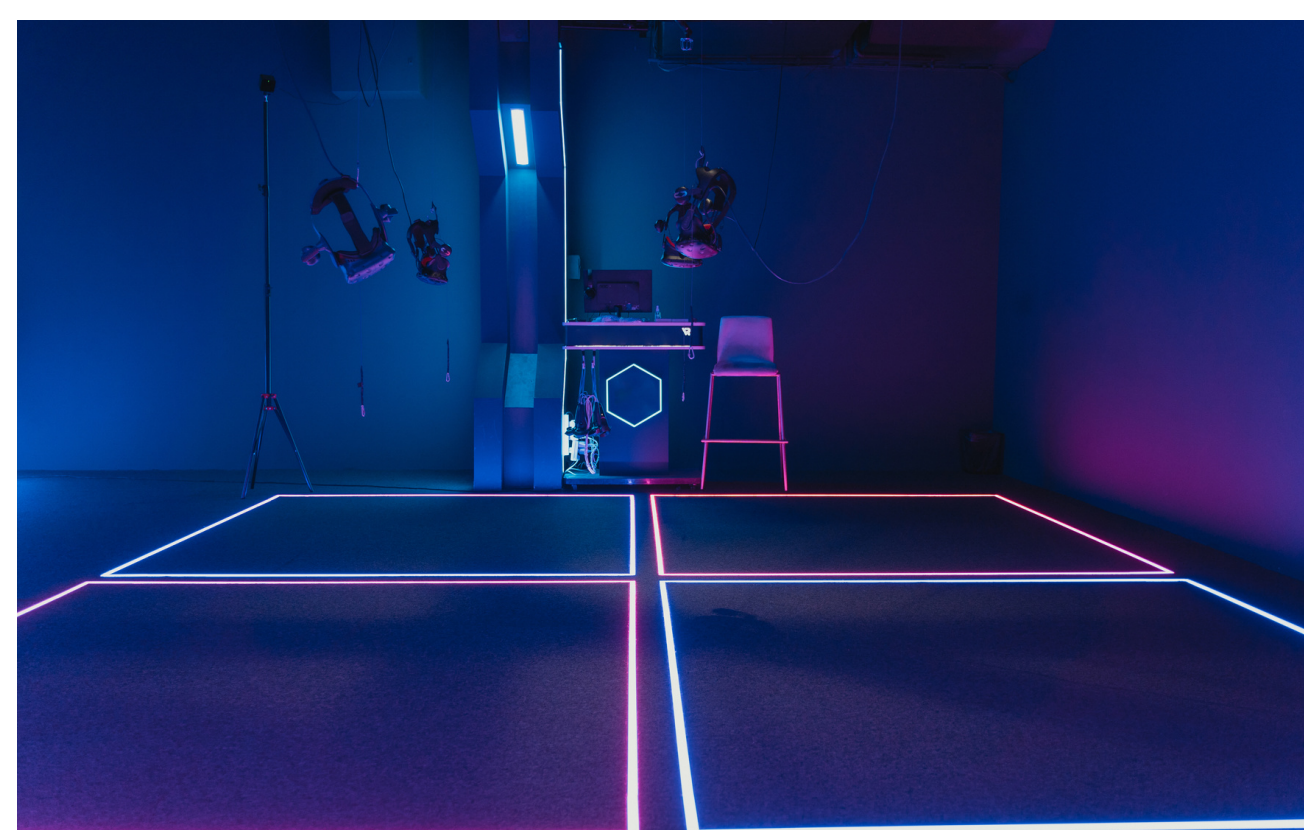

## Conference Objectives

Organized by Southeast University, 2022 International Conference on Haptics and Virtual Reality (ICHVR 2022) will be held in Nanjing, China during November 25-27, 2022.

After the Registration Day, the conference will be followed by two full days of technical sessions consisting of keynote speeches and plenary lectures to the overall audience and oral presentations and poster presentations by participants in various sessions.

The objective of this conference is to provide a platform and opportunities for researchers, scientists, scholars and engineers to exchange their research experiences and share new ideas to promote their research progress in the field of Haptics and Virtual Reality with the discussion on practical issues, challenges encountered as well as solutions adopted.

## ICHVR 2022
