ISEEIE 2023

Singapore | Feb. 24-26, 2023

2023 International Symposium on Electrical,
Electronics and Information Engineering

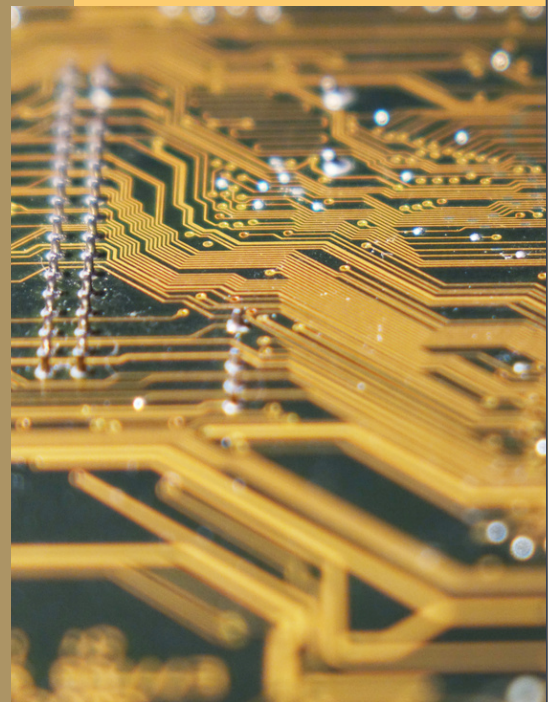

UPCOMING CONFERENCE

2023 International Symposium on Electrical, Electronics and Information Engineering (ISEEIE 2023) will be held in Singapore on Feb. 24-26, 2023.

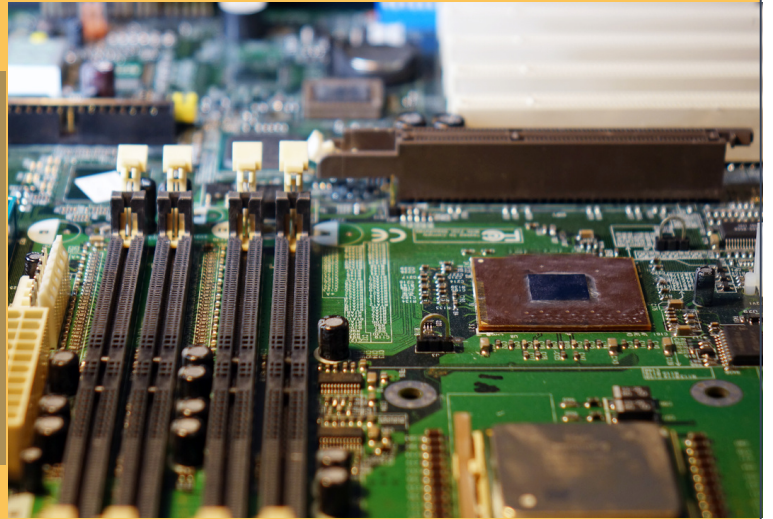

CONFERENCE OBJECTIVE

2023 International Symposium on Electrical, Electronics and Information Engineering (ISEEIE 2023) aims to bring together Electrical Engineers, Electronics Engineers, and Information Engineers in a single platform and present their stimulating research and knowledge transfer ideas in the Electrical, Electronics and Information Engineering. However, we also recognize that the future for engineers is one where they will be working in interdisciplinary teams to solve new, complex, and evolving problems that will require innovative solutions. Therefore, we encourage the participation of other disciplines in this conference where multidisciplinary research and knowledge transfer projects are presented.

PROGRAM

Feb.24: Registration+Reception
Feb.25: Technical sessions
**Feb.26: Technical sessions +
Lab Visit**

KEYNOTE SPEAKERS

Prof. Jagannathan Sarangapani
Missouri University of Science and
Technology, Rolla, MO, USA

Speech Title:

Direct Error Driven Deep Learning for
Bigdata Classification

Professor Trung Q. Duong
Queen' s University Belfast, UK

Speech Title:

Edge Intelligence URLLC for 6G Digital
Twin: Joint Communications and
Computation Design
