CONFERENCE INTRODUCTION

WWW.COEEPE.ORG

2024 4th International Joint Conference on Energy, Electrical and Power Engineering (CoEEPE 2024) will be held in **Qinhuangdao, China** on **July 12-14, 2024**. CoEEPE 2024 is organized by Yanshan University and co-organized by the International Association of Electrical, Electronic and Energy Engineering (IAEIEEE).

Energy and power are playing an increasingly pivotal role in our modern life and are transforming the way we utilise energy and the way we live.

This conference will bring together leading scientists, practitioners, researchers and delegates across the globe to present the latest innovations and knowledge in energy and power engineering and to stimulate new ideas and collaborations.

CoEEPE 2024 will provide an open forum for sharing and spreading the newest thoughts and research findings developed in key areas such as new and renewable energy, power electronics and electrical motor drives, distributed generation and energy storage, multi-energy systems and energy internet of things, data analytics and artificial intelligence.

**Yanshan University,
Qinhuangdao, China**

The conference will be organised every year in different locations all around the world, with an aim to foster the knowledge and understanding of the recent advances across the broad field of Energy, Electrical and Power Engineering.

CoEEPE 2023

All accepted and presented full papers have been submitted to Springer Book Series-Lecture Notes in Electrical Engineering for publication, and wait for being indexed by major citation databases like Ei Compendex, SCOPUS, Google Scholar etc

CALL FOR PAPERS

Including, but not limited to:

Analogue and Digital Signal Processing
Artificial Intelligence
Big Data and Data Processing
Bioenergy and Utilization
Communication Systems
Control Theory and Optimisation
Diagnosis and Sensing Systems
Distributed Generation
Electric Vehicles (EVs)
Electrical Generators
Electrical Motor Drives
Electromagnetic and Applied
Superconductivity
Electronics, Information and Control
Systems
Energy Internet of Things (E-IoT)
Energy Market and Power System
Economics
Energy Storage
Engineering Materials and Process
Fuel Cells and Applications
Industrial Process Control and
Automation
Intelligent Control Systems
Mechatronics and Robotics

SUBMISSION

1. Manuscripts submitted to the conference should be written in English only.
2. Manuscripts submitted to the conference should follow the template provided: Full Paper Template, Abstract Template
3. Manuscripts can be submitted in Doc, Docx and PDF format.
4. Oral or Poster presentations should be nominated while submitting an abstract.
5. The ordinary length is suggested no less than 5 pages, including all figures, tables, references, and appendices. If the paper exceeds 5 pages, the additional pages will be charged at the time of registration.
