

AUGUST 2024 | VOL. 8

NEWS LETTER

CoEEPE 2024

2024 4th International Joint Conference on Energy, Electrical and Power Engineering (CoEEPE 2024) will be held in Nanning, China during November 22-24, 2024. CoEEPE 2024 is organized by China Industrial Energy Conservation and Cleaner Production Association and The International Association of Electrical, Electronic and Energy Engineering (IAEEEE), hosted by Guangxi University, Anhui University and Anhui University of Science and Technology.

CoEEPE 2024

2024 4th International Joint Conference on Energy, Electrical and Power Engineering

CONFERENCE INTRODUCTION

Energy and power are playing an increasingly pivotal role in our modern life and are transforming the way we utilise energy and the way we live. This conference will bring together leading scientists, practitioners, researchers and delegates across the globe to present the latest innovations and knowledge in energy and power engineering and to stimulate new ideas and collaborations.

CoEEPE 2024 will provide an open forum for sharing and spreading the newest thoughts and research findings developed in key areas such as new and renewable energy, power electronics and electrical motor drives, distributed generation and energy storage, multi-energy systems and energy internet of things, data analytics and artificial intelligence.

ORGANIZING COMMITTEE

General Chairs

Thomas Xinzhong Wu
Guangxi University
China

Weimin Wu
Anhui University of Science
and Technology
China

Ruixue Wang
Beijing University of
Chemical Technology
China

Wenping Cao
Anhui University
China

Honorary Chairs

James L. Kirtley—Massachusetts Institute of Technology, USA
Liang Yuan—Anhui University of Science and Technology, China
Qunjing Wang—Anhui University, China
Pinjia Zhang—Tsinghua University, China

International Advisory Committee

Thomas G Habetler—Georgia Tech University, USA
Volker Pickert—University of Newcastle, UK
Ming Cheng—Southeast University, China
Mingri Liu—China Industrial Energy Conservation and Cleaner
Production Association, China
Chengyin Yuan—The National New Energy Vehicle Technology
Innovation Center, China

Technical Program Chairs

Hui Liu — Guangxi University, China
Cungang Hu—Anhui University, China
Xiaoyan Huang—Zhejiang University, China
Xiaoqiang Guo—Yanshan University, China
Shu Yang—University of Science and
Technology of China, China
Yihua Hu—King's College London, UK
Zhenbin Zhang—Shandong University, China
Xiangping Chen—Guizhou University, China
Shaopeng Wu—Harbin University of
Technology, China
Yiqi Liu—Northeast Forest University, China

Keynote Speech Chairs

Jun Tao—Anhui University, China
Jinghua Li—Guangxi University, China
Mingyao Ma—Hefei University of
Technology, China
Nian Liu—North China Electric Power
University, China
Jikai Si—Zhengzhou University, China
Bing Ji—Leicester University, UK

MORE COMMITTEE MEMBERS:

Invited Speakers Information

Prof. Peng Wang
IEEE Fellow
Nanyang Technological
University
Singapore

Peng Wang received his B.Sc. degree from Xian Jiaotong University, China, in 1978, M. Sc. degree from Taiyuan University of Technology, China, in 1987, and M. Sc. and Ph.D. degrees from the University of Saskatchewan, Canada, in 1995 and 1998, respectively. He was a lecturer and a senior lecturer in Electrical Engineering Department at Taiyuan University of Technology from 1978 to 1991. He worked as a visiting scholar in Electrical Engineering Department at British Columbia University, Canada, in 1992. He joined as an assistant professor in the School of EEE at the Nanyang Technological University (NTU), Singapore, in 1999 where he is currently an associate professor.

His research areas include: Power system analysis, planning and operation; Power system reliability analysis; Power restructuring and power market; Intelligent metering system and load management; Smart grids; Micro Grids; Renewable energy planning; Renewable energy conversion systems.

Prof. Wu Chen
Southeast University
China

Wu Chen was born in Jiangsu, China, in 1981. He received the B.S., M.S., and Ph.D. degrees in electrical engineering from the Nanjing University of Aeronautics and Astronautics, Nanjing, China, in 2003, 2006, and 2009, respectively. From 2009 to 2010, he was a Senior Research Assistant with the Department of Electronic Engineering, City University of Hong Kong, Hong Kong. In 2010 and 2011, he was a Postdoctoral Researcher with Future Electric Energy Delivery and Management Systems Center, North Carolina State University, Raleigh. Since September 2011, he has been an Associate Research Fellow with the School of Electrical Engineering, Southeast University, Nanjing, China, where he has been a Professor since 2016. His main research interests include soft-switching converters, power delivery, and power electronic system integration. Mr. Chen is an Associate Editor for IEEE Transactions on Industrial Electronics, Journal of Power Electronics, and CPSS Transactions on Power Electronics and Applications.

Prof. Zhonggang Yin
Xi'an University of
Technology
China

Zhonggang Yin was born in Shandong, China, in 1982. He received the B.S., M.S., and Ph.D. degrees in electrical engineering from Xi'an University of Technology, Shaanxi, China, in 2003, 2006, and 2009, respectively. He is one of the top 2% scientists in the world, and Associate Editor of IEEE TIE journal. His research interests include high-performance control of ac motors and digital control of power converters.

CoEEPE 2024

SUBMISSION AND PUBLICATION

2024 4th International Joint Conference on Energy, Electrical and Power Engineering

CALL FOR PAPERS

- Power System and Its Automation
- Power Information Technology
- Electrical Machine and Its Control
- Power Electronics and Electric Energy Conversion
- New Energy Power Generation and Energy Storage
- Intelligent Electrical Appliance and Electrical Equipment
- High Voltage and Insulation Technology
- Electrical Materials and Dielectrics
- Automatic Control
- Artificial Intelligence
- Robotics
- Big Data and Data Processing
- Electric Vehicle
- Diagnosis and Sensing System
- Bioenergy and Utilization
- Bioelectromagnetic Technology
- Electrotechnical Theory and New Technology

IMPORTANT DATES

Abstract Submission:

Aug. 31, 2024

Notification of Acceptance:

Sept. 10, 2024

Full Paper Submission:

Oct. 7, 2024

Notification of Acceptance:

Oct. 15, 2024

Camera Ready:

Nov. 15, 2024

PUBLICATION HISTORY

CoEEPE 2023 | Springer LNEE | EI & Scopus

CoEEPE 2022 | Springer LNEE | EI & Scopus

CoEEPE 2021 | Springer LNEE | Ei & Scopus

PUBLICATION INFORMATION

Accepted and presented conference papers will be included in conference proceedings and submitted to major citation databases like EI Compendex and Scopus databases for indexing. Excellent papers can be recommended to submit to journals for publication after significant extension.

SUBMISSION NOTES

1. Manuscripts submitted to the conference should be written in English only.
2. Manuscripts submitted to the conference should follow the template provided: Full Paper Template, Abstract Template
3. Manuscripts can be submitted in Doc, Docx and PDF format.
4. Oral or Poster presentations should be nominated while submitting an abstract.
5. The ordinary length is suggested no less than 5 pages, including all figures, tables, references, and appendices. If the paper exceeds 6 pages, the additional pages will be charged at the time of registration.
