Conference Introduction

Welcome to the 2026 6th International Symposium on Electrical, Electronics and Information Engineering (**ISEEIE 2026**), which will be held in **Shenyang, China** from **October 16-18, 2026**.

This symposium provides a premier platform for fostering collaboration and driving innovation among Electrical, Electronics, and Information Engineers, as well as Artificial Intelligence and Data Science professionals. With a vision to bring together experts and enthusiasts from diverse backgrounds, this symposium aims to transcend

disciplinary boundaries and pave the way for ground-breaking advancements in the interconnected fields of electrical engineering, electronics, and information technology.

We extend a warm invitation to potential conference paper authors, academics, professionals, and policymakers who share our enthusiasm for pushing the boundaries of knowledge and innovation in electrical engineering, electronics, and information technology. We look forward to welcoming you to ISEEIE 2026.

Submission

ISEEIE 2026 invites submissions of original and unpublished research papers. Authors are welcome to submit their manuscripts through the [Online Submission System](#). For first-time users, please sign up first.

1. Submitted papers should be written in English.
2. The accepted paper limits are at least 5 pages including all figures, tables, references, and appendices.
3. We require all submissions to follow the conference paper format.
4. Authors can submit their abstracts and Full papers in DOC/ DOCX or PDF format.
5. Oral or Poster presentations should be nominated while submitting the abstract.
6. A submission confirmation email will be sent to you within 2 days of the submission date.

CFP

ISEEIE 2026 solicits original and peer-reviewed papers on a wide spectrum of topics include but not limited to the following:

Electrical and Electronics Engineering

- Automation and Control Engineering
- Circuits and Systems
- Computer Network and Security
- Electrotechnologies
- High-Performance Motor System
- Microwave Technologies
- Power Systems Communication
- Remote Sensing, Radar and Sensing
- Semiconductor Technology

Information Engineering

- Signal and Image Processing
- Bioinformatic
- Computational Optics
- Computer Science and Engineering
- Grid Computing
- Image Processing and Acquisition
- Information Management
- Knowledge Discovery and Data Mining
- Neural Networks and Genetic Algorithms
- Transmission of Numerical Images
