Conference Introduction

Organized by Akdeniz University and Tokat Gaziosmanpaşa University, **2026 9th International Conference on Functional Materials for Circular Economy (ICFMCE 2026)** will be held in **Antalya, Türkiye**, from **September 20-23, 2026**.

ICFMCE is an annual international conference that is dedicated to providing a platform and opportunities for researchers, scientists, and delegates from communities in different areas to exchange and share their experiences and discoveries, discuss practical issues and challenges encountered, and explore applications and solutions in the common research field of Functional Materials for Circular Economy.

The ICFMCE 2026 conference committee is excited to invite authors and scholars from all over the world to participate in this significant conference, to enhance our knowledge and create new knowledge to help promote the advances and changes of joint academic research.

Conference Venue:

Olbia Social Facilities, Akdeniz University

Address:

Akdeniz University, Pınarbaşı Mah. Dumlupınar Boulevard 07070
Campus Konyaaltı/Antalya/Türkiye

Submission

● How to Submit

Authors are invited to submit papers or abstracts using the Online Submission System. For any queries, please do not hesitate to contact us through info@icfmce.org.

● Submission Notes

1. Submitted papers should be written in English.
2. The ordinary length is suggested no less than 8 pages, including all figures, tables, references, and appendices. If the paper exceeds 8 pages, the additional pages will be charged at the time of registration.
3. We require all submissions to be following the conference paper format.
4. Authors can submit their abstracts in DOC/ DOCX or PDF format.
5. Oral or Poster presentations should be nominated while submitting the abstract.
6. The submission can be made via the online submission system.
7. A submission confirmation email will be sent to you within 2 days of the submission date.

**Scan the QR code to
enter the online
submission system**

Publication

Registered and presented full papers will be included in the ICFMCE 2026 digital conference proceedings and submitted to major citation databases (including, but not limited to Ei Compendex and Scopus) for review and indexing.

Call for Papers

We invite submissions on a wide range of research topics, spanning both theoretical and systems research. The topics of interest include, but are not limited to:

Intrinsically Circular & Bio-Inspired Materials

- Intrinsically Circular Polymers
- Bio-inspired Design for Circularity

Upcycling, Processing, and Closed-Loop Systems

- Upcycling of Plastic Waste into Functional Materials
- Solvent Recovery and Closed-Loop Processing Systems

Functional Materials for Energy, Water, and Environmental Remediation

- Circular Functional Materials for Water Purification
- Circular Materials for Energy Storage and Conversion

Cross-Cutting Assessment, Modeling, and System Integration

- Dynamic Life Cycle Assessment (LCA) for Circular Materials
- Smart Manufacturing
